[*G O No. 918, Public (Services)*].

No. 341.—

In exercise of the powers conferred by paragraph (3) of sub-section (2) of section 241 of the Government of India Act, 1935, His Excellency the Governor is hereby pleased to make the following rules to regulate the grant of passage concessions to members of the provincial services —

RULES.

1 *Definitions*.—For the purpose of these rules—

(a) "child" elsewhere than in rule 4, means a legitimate child, who, if a female, is unmarried and under the age of 21, or, if a male, is under the age of 18, and includes a step-child wholly dependent on a member and in rule 4 "child" means a legitimate child or step-child of a deceased member, of whatever age, who was wholly dependent upon him;

(b) "member" means a member of a service to whom these rules apply;

(c) "the cost of passage" shall be deemed to be the cost as stated from time to time in the tables of passage rates published by the various steamship companies, and

(d) the domicile of a member at the date of his appointment shall be determined in accordance with the provisions set out in Schedule I to these rules.

2 Members of the services specified in column (1) of Schedule II to these rules shall be entitled to passage concessions on the scale and on the conditions specified in the corresponding entry in column (2) thereof.

3. A member shall be entitled for a second or subsequent wife to the passage concessions referred to in rule 2 or any passage benefits which were available to him but were not utilized for the wife by the immediately prior marriage, whichever is less.

4. Notwithstanding anything contained in these rules, if a member dies while in service, his wife and children shall be entitled to single passages by sea from a port in India to a port outside India, but not exceeding, in each case, the cost of a single passage by sea between a port in India and a port in England by the steamer and by the class of accommodation to which the member was entitled:

Provided that they avail themselves of this right within one year of the officer's death. This period may, however, be extended by the Provincial Government in special cases.

5. A separate account shall be opened in sterling in the case of each member who is entitled to leave passages, whether he is or is not entitled to passages on other occasions and, if such member is married, for his wife and, if he has children, for each child. These accounts shall be credited respectively with the cost of the passages to which the member, his wife and children are entitled under rule 2 and no transfer of any credit shall be made from one account to another. Within the amount of these credits the member shall be entitled to receive passages by sea between a port in India and a port outside Asia for himself, his wife and his children respectively:

Provided that the cost of an single or return passage by sea shall exceed the cost of a single or return passage, as the case may be, between a port in India and a port in England by the steamer and by the class of accommodation to which the member is entitled:

Provided further, that should the cost of any passage engaged be less than the cost of a passage by sea between a port in India and a port in England by the steamer and by the class of accommodation to which the member is entitled, and the individual concerned performs any part of the journey between port and port by land, it shall be permissible to draw, subject to such regulations as may be made by the Provincial Government, the actual cost of the railway fare but not exceeding the difference between the cost of the passage engaged and the cost of a passage by sea between a port in India and a port in England by the steamer and by the class of accommodation to which the member is entitled.

NOTE 1.—For the purposes of the second proviso in this rule, a journey by land may be deemed to include a passage across the English channel, and railway fare may be deemed to include the cost of such a passage.

NOTE 2.—For the purposes of this rule, Colombo shall be deemed to be a port in India.

6. Any benefits for himself and for his wife to which a member is entitled under rule 2 shall be in abeyance for any period of foreign service in respect of which it has been agreed between the Provincial Government and the foreign employer that the officer shall receive passage benefits from the foreign employer and the sums credited to the accounts of the member and his wife shall be reduced by one-seventh of the cost of a return passage for each completed year of such period.

7. Payment for all sea passages shall be made to the steamship companies either direct or through recognized firms of passenger agents. Payment on account of journeys by land shall be made either to the member making the claim or to the steamship company or to a recognized firm of passenger agents.

8. The accounts mentioned in rule 5 shall be debited with the cost of passages actually engaged, subject to the limit prescribed in that rule, and with the sums drawn on account of railway journeys.

9 When the cost of a passage by sea between a port in India and a port in England by the steamer and class of accommodation admissible to the member is increased or decreased the balance at credit of each account referred to in rule 5 shall be increased or decreased, as the case may be, in proportion to the increase or decrease in the cost of passages.

10 Any balance remaining at the credit of any person in his or her personal passage account after such person has ceased to be eligible for any benefits under these rules, shall lapse to the Government or, in the case of Port Officers to the Madras Minor Ports Fund.

11. Nothing contained in these rules shall affect any passage benefits granted to an officer as a personal concession either in Schedule IV to the Superior Civil Services Rules or in an order passed by the Local Government prior to the 6th December 1935 in exercise of the powers conferred on them under the Civil Services (Governor's Provinces) Delegation Rules, 1926, or under the Civil Services (Classification, Control and Appeal) Rules. Such a concession shall be admissible to him throughout his service irrespective of the posts which he may hold from time to time.

12. A member is entitled to the benefits provided by these rules in respect of any journey to or from India performed by himself or his wife or any of his children which commences on or after the date on and from which he became entitled to such benefit and before the date of his retirement:

Provided that such member his wife and any of his children shall be entitled to receive so far as their respective credits permit, single passages from

a port in India to a port outside Asia, but not exceeding the cost of a single passage by sea between Bombay and London by the steamer and the class of accommodation admissible to the member, for a journey commenced within six months after his retirement :

Provided further that should the cost of any passage engaged be less than the cost of the passage admissible to him, and such member perform any part of the journey between port and port by land, it shall be permissible to draw, subject to such rules as may be made by the Provincial Government, the actual cost of railway fare, but not exceeding the difference between the cost of the passage engaged and the cost of the passage by sea between Bombay and London by the steamer and class admissible to the member.

NOTE 1.—For the purposes of the second proviso in this rule a journey by land may be deemed to include a passage across the English channel and railway fare may be deemed to include the cost of such passage

NOTE 2.—For the purposes of this rule, Colombo shall be deemed to be a port in India.

12. The concessions admissible to members of provincial services deputed out of India shall be determined by the Provincial Government on the merits of each case and shall be specified in the order sanctioning such deputation

ANNEXURE TO SCHEDULE II.

(Supplementary rules for the payment of passages.)

Part I—Passages by sea.

1. Every application by an officer for a passage by sea shall be made to the audit officer by whom his pay is audited:

Provided that if the officer is in Europe the application shall be made to the High Commissioner for India. If the application is made to the High Commissioner, the officer must present with his application a certificate from the audit officer stating the amount at the credit of each person for whom a passage is to be taken.

2. The application shall specify the persons for whom it is desired to secure passages. If, the audit officer or the High Commissioner, as the case may be, is satisfied that any benefit is admissible under the rules, he will furnish to the applicant a certificate stating the maximum cost of the passage which may be engaged for each such person.

3. When the officer engages the passage or passages, he will present to the steamship company the certificate and on receiving the ticket or tickets will give the company a receipt in the form prescribed showing the accommodation engaged, the persons for whom engaged and the cost. If the cost of any ticket should exceed the amount entered in the certificate, the difference must be paid by the officer himself.

Note.—(1) Although the benefits admissible are stated in terms of the rate of passage by Peninsular and Oriental Steam Navigation Company, an officer is free to choose the line of steamers by which he will travel from among the lines specified by the audit officer and to book a passage in a class lower than Peninsular and Oriental first-class B or C as the case may be. The saving if any accruing from the exercise of either option will remain to credit in the personal passage account of the person or persons concerned and can be used towards meeting the cost of additional passage or passages engaged in excess of the number of Peninsular and Oriental first-class B or C passages, as the case may be, the value of which is credited in the personal passage account.

(2) Nothing in the wording of the supplementary rules is intended to restrict the use of payment of agents in booking passages or in other transactions with the steamship companies.

4. If for any reason the officer, after obtaining the certificate but before presenting it to the steamship company, finds that he does not desire to use it, he should return it without delay to the audit officer or the High Commissioner, as the case may be.

5. If the officer, after presenting the certificate to the steamship company, cancels the passages which he has engaged, he should at once inform the audit officer or the High Commissioner, as the case may be, that he has done so, he should also take steps to recover the certificate from the steamship company and return it to the audit officer or the High Commissioner.

6. If the officer cancels a passage engaged by him, for the cost of which the steamship company has presented a claim for payment, he shall, besides communicating with the company, immediately inform the audit officer or the High Commissioner as the case may be, who will apply to the steamship company for a refund. No refund will be made except to the audit officer or High Commissioner, as the case may be.

7. Any amounts forfeited by the officer as a result of cancelling a passage in circumstances where the steamship company is entitled to claim such forfeiture, shall be debited to the passage account concerned.

8. The above rules do not apply in their entirety to cases in which an officer in India wishes to obtain a passage or passages for his family resident outside Asia. In such cases, the application should be made by the officer to the High Commissioner and supported by a certificate from the audit officer in India stating the amount at the credit of each person for whom a passage is taken. The application should specify the persons for whom it is desired to secure passages and should contain full information as regards the steamer line and the route by which it is desired to travel and the class of accommodation required. On receipt of such an application, the High Commissioner will, on behalf of the officer, arrange with the steamship company for the required passages, if he is satisfied that the cost of such passages is admissible under the rules. If the cost of any such passage exceeds the maximum amount admissible therefor under the rules, the officer must arrange for the payment of the difference to the High Commissioner before the passage is engaged. As soon as the necessary arrangements have been made by the High Commissioner, he will intimate the fact with full particulars to the officer concerned as well as to the audit officer in India. If for any reason the officer, after obtaining the certificate from the audit officer but before forwarding it to the High Commissioner, does not desire to use it, he should return it without delay to the audit officer. If, after forwarding the certificate to the High Commissioner, it is found that the passages are not required or if passages already engaged are cancelled the officer will be responsible for intimating the fact promptly to the High Commissioner, and for returning the ticket or tickets to the High Commissioner. He will be similarly responsible for intimating promptly to the steamship company the cancellation of a passage already engaged. On receipt of the intimation, the High Commissioner will take steps to obtain a refund from the steamship company where necessary, and will also inform the audit officer in India of the non-utilization of a certificate presented to him or the cancellation of a passage.

9. An officer, who at the time of proceeding on leave declares his intention of retiring from service, is entitled to single passage only. If, however, no such declaration is made, but the officer takes return passages whether for himself, for his wife or for his children and retires on the termination of leave, he should return the unused half of the return ticket or tickets which have not been utilized to the audit officer concerned in India who will watch for the return of the unused halves of the return tickets, and obtain from the steamship company concerned a refund in respect of the return passage or passages. If, however, the return halves are actually utilized, the audit officer should realize from the officer concerned the cost thereof. In cases in which an officer who does not return to duty actually uses the return

ticket or tickets for the journey back to India the cost of the same will be recovered from him unless the Government are satisfied that the officer was prevented by circumstances beyond his control, from returning to duty.

There may be cases in which the High Commissioner arranges return passages for officers returning to India for a short spell of duty prior to retirement. If in any such case the return half of the ticket or tickets is not utilized, it should be returned to the audit officer. If the officer does not actually join duty, the entire cost of the return passage or the cost of the journey to India, only, according as the return half of the ticket or tickets is or is not used, will be recovered from him.

Where an officer takes return passages for himself and his wife and/or children and returns to duty in India leaving his wife and/or children at home or when an officer while on duty in India sends his wife and/or children out of Asia on return tickets of which the second halves are not utilized, he should return the unused half of the return ticket or tickets to the audit officer concerned in India. If, however, the second halves of the return tickets are actually utilized, the officer should make a declaration in due course to the audit officer that the tickets have actually been utilized.

No refund will be made by a steamship company under this rule except to the audit officer who will make the necessary adjustment of the amount between the officer and the Government if the cost of the passage involved or any portion thereof has been borne by the officer.

Part II—Journey by land.

1. Every application by an officer for the benefit permissible under rule 5 shall be made to the High Commissioner for India. As an exception to this general rule, if the officer obtains from the steamship company in India a through ticket covering the overland journey he may make his claim to the audit officer in India for the whole journey including the cost of the journey by land

2 No claim is admissible in respect of a railway journey performed in India or in the country of destination, provided that a person travelling on a through ticket to or from London may make a claim in respect of the journey between London and the Channel port.

3. The amount payable in respect of a journey by land shall in no case exceed the cost of an ordinary first-class railway fare by a direct route.

Note.—In cases where the cost of the journey by land exceeds the ordinary first-class fare by a direct route, the difference must be paid by the officer himself.

4 The application shall specify the persons for whom the benefit is claimed and shall state the facts of the claim in sufficient detail to enable the High Commissioner to satisfy himself that the prescribed conditions are fulfilled. The officer shall be bound to furnish such further information as the High Commissioner may require for this purpose

5 In the case of a journey from India the claim should be accompanied by—

(a) a declaration signed by the officer that the land journey was actually performed by the persons on whose behalf the claim is made, and

(b) a certificate, which the officer should obtain from the audit officer in India showing the amount to which he is entitled in respect of the journey from India and the cost of the passage actually engaged.

Note.—If an officer intends to present a claim in the High Commissioner under this rule he should in his own interests take steps to obtain the certificate referred to in clause (b) before he leaves India.

6 In the case of a journey to India the officer shall submit to the High Commissioner a declaration stating the route by which he, or the person on whose behalf he makes the claim, intends to travel.

7. The procedure laid down in rule 8 of Part I will govern cases in which an officer in India wishes to obtain from the steamship company a through ticket to India covering a journey by land for a member of his family resident outside Asia. In cases where such a land journey is to be performed otherwise than on a through ticket, the application for the cost of the land journey should be made by the officer to the High Commissioner simultaneously with the application for a sea passage made under rule 8 of Part I. With the application the officer should submit to the High Commissioner a declaration stating the route by which the person on whose behalf he makes the claim desires to travel and the class of accommodation required. On receipt of such an application the High Commissioner will arrange for the payment of the cost of the land journey in advance to the members of the officer's family, if he is satisfied that the prescribed conditions are fulfilled. AT THE COURT AT BUCKINGHAM PALACE

The 18th day of March 1937.

PRESENT:

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL

Whereas by section three hundred and ten of the Government of India Act, 1935 (hereafter in this Order referred to as "the India Act"), and by section one hundred and fifty-six of the Government of Burma Act, 1935 (hereafter in this Order referred to as "the Burma Act"), His Majesty in Council is empowered, for the purpose of facilitating the transition from the provisions of the Government of India Act, to make temporary provision for the purpose of removing any difficulties arising in relation to the said transition:

And whereas a draft of this Order has been laid before Parliament in accordance with the provisions of sub-section (1) of section three hundred and nine of the India Act and sub-section (1) of section one hundred and fifty-seven of the Burma Act, and an Address has been presented to His Majesty by both Houses of Parliament praying that an Order may be made in the terms of this Order:

Now, therefore, His Majesty, in the exercise of the said powers and of all other powers enabling him in that behalf, is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows:—

1. This Order may be cited as the India, Burma and Aden (Transitory Provisions) (Taxation) Order, 1937.

2. The Interpretation Act, 1889, applies for the interpretation of this Order as it applies for the interpretation of an Act of Parliament.

3 In this Order—

"separation" means the separation of Burma and Aden from India;

"the three countries" means India, Burma and Aden;

"Central taxation" means all taxes, duties, charges, fines and penalties payable or about to become payable under, or in accordance with the provisions of, the Acts specified in the Schedule to this Order;

"outstanding Central taxation" means Central taxation which had become payable before separation, or which could have become payable before separation if the existence and extent of the liability had been determined in time.

4. (1) Separation shall not affect—

(a) the amount payable by any person in respect of outstanding Central taxation,

(b) the amounts to be allowed, by way of drawback, refund, rebate, or credit in assessment, to any person in respect of Central taxation paid, or treated as paid, before separation, or in respect of deposits made before separation as security for payment of Central taxation, or in respect of outstanding Central taxation paid after separation.

(2) The said amounts shall remain or become payable, or, as the case may be, be allowed, in the same places as if separation had not taken place, and the enactments relating to the assessment, demand and recovery of Central taxation shall, throughout the three countries, continue to apply, as nearly as may be, in relation to those amounts as if there had been no separation:

Provided that any amount paid or allowed after separation shall be paid or allowed for the benefit or at the expense of the Government of that one of those countries in which the place in which the amount first became payable or was allowed is situated, and where any amount which became payable in one of the three countries is recovered in another, any necessary adjustments shall be made between the revenues of those countries accordingly.

5. After separation the same consequences shall flow in each of the three countries from the stamping outside that country of any document executed before separation, as would have flowed therefrom if there had been no separation.

If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with:—

(1) Test, inspection and rejection of defective materials and work
(2) Carriage
(3) Construction plant.
(4) Water and lighting.

(7) Delays.
(8) Particulars of payment.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Cauvery Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule and the rates should be in rupees, annas, and in terms of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract, such lump sum agreeing with the total amount of schedule A. This schedule accompanying the lump sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized, and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The price at which and the source from which certain particular materials shall be obtained by the contractor are given at the end of the schedule accompanying the tender form. Tenderers must accept the material at these prices, and shall quote their price for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the change to the contractor will remain as originally entered in the written contract. No cartage or incidental charges will be borne by Government in connection with this supply.

13. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rates of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement.	Percentage of work completed (based on contract lump-sum amount).
Three months	25 per cent.
Six months	50 per cent.
Nine months	75 per cent.
Fourteen months ..	The whole work to be completed

14. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorizing others to receive payment on the contractor's behalf.

15. If further necessary information is required, the Executive Engineer of the Division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

16. The Executive Engineer or other sanctioning authority reserves to right the reject any tender or all the tenders without assigning any reason therefor.

17. The qualifications of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. The tenderers should therefore state in clear terms, whether they employ such technical staff, and if so, to give the qualifications of such staff and the extent to which they will be employed on the work.
